Report of the Publications Secretary 2006

Publications

In the past 12 months, BSRLM has published:

- *Research in Mathematics Education* 7 (Eds: Barwell, R. and Noyes, A)
- *Informal Proceedings* (IPs) of Day Conferences in Lancaster [25(3)], Warwick [26(1)] and Bristol [26(2)]

We currently hold about 40 copies of each of volumes 2 to 7 of *Research in Mathematics Education*, having off-loaded copies of volumes where we had a large excess. We hold copies of the latest *Informal Proceedings*, but many issues are out of print, of which IP 25(1) from 2005 is the most recent. A list of available IPs is shown on the Order Form which can be found on the website.

Future of RME

Developments are reported under a separate item of this AGM.

Future of *Informal Proceedings* of Day Conferences

This is considered under a separate item of this AGM.

Website

I have continued to oversee the running of the site, which is designed and managed by Marten Gallagher, of annerykiln.co.uk.

We have continued to add full proceedings of day conferences to the website as pdf files. This is done as soon as an issue is ready for publication. Thanks to the endeavours of my predecessor, most informal proceedings for meetings going back 8 years are now available, with several earlier informal proceedings also included.

We have tried to improve the information provided on the site on how to get to the day conference venues.

Tenure of Publications Secretary

My tenure as Publications Secretary ends at the end of next year.
