

BSRLM Conference Programme
University of Wales Trinity St David (UWTSD Business School, Swansea)
Saturday 9th June 2018

Morning Programme

10:00-10:30 Registration (Reception by the entrance) / Tea & Coffee (3rd Floor)

10:30-11:30 Plenary Lecture by Jeremy Hodgen (ASG05)

What does research say about teaching mathematics and what are the implications for the research field?

RP = Research Paper, RW = Research Workshop, WG = Working Group

	11:35-12:05	12:10-12:40	12:45-13:15
AS401	Alderton* & Pratt "Actually all we are trying to do is fill their gaps and help them learn." [RP] <i>Wallis</i>	Ingram & Andrews* Tensions and opportunities when working in a collaborative video group [RP]	<i>Goos</i>
AS407	Lyakhova*, Wallis* & Joubert The National Network for Excellence in Mathematics in Wales [RP] <i>Clark-Wilson</i>	Constantinides* & Neale* A Logical Perspective on Cuisenaire and Bar Modelling [RP]	<i>Gifford</i>
AS408	Treacy Integrating mathematics and science in secondary classrooms [RP] <i>Marks</i>	Barclay*, Barnes*, Marks* & Treacy* Reviewing 15 years of research in mathematics education: continuity, change and lessons for the future. [RP] <i>Alderton</i>	<i>Treacy</i>
AS414	Andrews Are there mathematical differences in what is addressed through different modes of interaction? [RW] <i>Barclay</i>	Hilton Can fingers help children develop a 'feel' for number? [RP] <i>Denny</i>	Joubert, Lyakhova*, Moss* & Griffiths* Developing a new national curriculum in mathematics and numeracy: the case of Wales [RP] <i>Naik</i>
AS417	Bustang Proportional reasoning and probability: What does the literature say about how these are related? [RP] <i>Liu</i>	Naik "I hate maths like, but I don't mind this ..." Interrogating primary student teachers' relationship with mathematics in the university space [RP] <i>Clark-Wilson</i>	Wake* & Hodgen* Mathematics in Vocational Education Systems: A Boundary Crossing Perspective [RP] <i>Andrews</i>

13:15-14:20 Lunch (3rd Floor)

BSRLM Conference Programme
University of Wales Trinity St David (UWTSD Business School, Swansea)

Saturday 9th June 2018

Afternoon Programme

RP = Research Paper, RW = Research Workshop, WG = Working Group

	14:20-14:50	14:55-15:25	15:30-16:00
AS401	Goos Writing for Publication in Mathematics Education Research Journals: Issues, Challenges, and Strategies <i>[RW]</i> <i>Hodgen</i>		Denny*, Moss*, Joubert Observations of primary mathematics classrooms in Chongqing, China <i>[RP]</i> <i>Barnes</i>
AS407	Wake* & Clark-Wilson* 'Building and Sustaining Active Research Collaborations with Teachers of Mathematics' Working Group <i>[WG]</i>		Liu A literature review on rigour <i>[RP]</i> <i>Bustang</i>
AS408	Gifford Early years and primary mathematics working group <i>[WG]</i>		Tsikalaki* & Misailidou What do primary school teachers really think about mathematics? <i>[RP]</i> <i>Lyakhova</i>
AS414			

16:00-16:30 Tea/coffee (3rd Floor*)
